

Revenues and Other Financing Sources

Department operations are financed through appropriations, reimbursement for the provision of goods or services to other Federal agencies, proceeds from the sale of property, certain consular-related and other fees, and donations. In addition, the Department collects passport, visa, and other consular fees that are not retained by the Department but are deposited directly to a Treasury account. The passport and visa fees are reported as earned revenues on the Statement of Net Cost and as non-entity collections in other financing sources on the Statement of Changes in Net Position.

Congress annually enacts one-year and multi-year appropriations that provide the Department with the authority to obligate funds within the respective fiscal years for necessary expenses to carry out mandated program activities. In addition, Congress enacts appropriations that are available until expended. All appropriations are subject to congressional restrictions and most appropriations are subject to OMB apportionment. For financial statement purposes, appropriations are recorded as a financing source (i.e., Appropriations Used) and reported on the Statement of Changes in Net Position at the time they are recognized as expenditures. Appropriations expended for capitalized property and equipment are recognized when the asset is purchased.

Work performed for other Federal agencies under reimbursable agreements is financed through the account providing the service and reimbursements are recognized as revenue when earned. Administrative support services at overseas posts are provided to other Federal agencies through the International Cooperative Administrative Support Services (ICASS). ICASS bills for the services it provides to agencies at overseas posts. These billings are recorded as revenue to ICASS and must cover overhead costs, operating expenses, and replacement costs for capital assets needed to carry on the operation. Proceeds from the sale of real property, vehicles, and other personal property are recognized as revenue when the proceeds are credited to the account that funded the asset. For non-capitalized property, the full amount realized is recognized as revenue. For capitalized property, revenue or loss is determined by whether the proceeds received were more or less than the net book value of the asset sold. The Department retains proceeds of sale, which are available for purchase of the same or similar category of property.

Secretary Tillerson stands for a moment of silence to honor those who made the ultimate sacrifice while serving our country around the world at the U.S. Department of State's Foreign Affairs Day Memorial Plaque Ceremony in Washington, D.C., May 5, 2017. *Department of State*

The Department is authorized to collect and retain certain user fees for machine-readable visas, expedited passport processing, and fingerprint checks on immigrant visa applicants. The Department is also authorized to credit the respective appropriations with (1) fees for the use of Blair House; (2) lease payments and transfers from the International Center Chancery Fees Held in Trust to the International Center Project; (3) registration fees for the Office of Defense Trade Controls; (4) reimbursement for international litigation expenses; and (5) reimbursement for training foreign government officials at the Foreign Service Institute.

Generally, donations received in the form of cash or financial instruments are recognized as revenue at their fair value in the period received. Contributions of services are recognized if the services received (1) create or enhance non-financial assets, or (2) require specialized skills that are provided by individuals possessing those skills, which would typically need to be purchased if not donated. Works of art, historical treasures, and similar assets that are added to collections are not recognized at the time of donation. If subsequently sold, proceeds from the sale of these items are recognized in the year of sale. More information on earned revenues can be found in Note 15.
